DETAILED ACTION

Allowable Subject Matter

1. Claims 30-43 and 44-57 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Claims 30 and 53 recite, inter alia, "two or more elastic means provided between lead pusher base and pusher block having an elastic force in the direction of pressing electronic device to be tested; and wherein at least one elastic means among two or more elastic means applies a press force to said electronic device to be tested via said pusher block at the time of said test."

Claims 45 and 56-57 recite, inter alia, "two or more shafts include one or more shafts arranged so that each center axis of said one or more shafts coincide with a bottom surface of one elastic means among said two or more elastic means; and rest of the shafts arranged so that each center axis of said rest of the shafts coincide with a bottom surfaces of other elastic means among said two or more elastic means."

Applicant's amendments based on the above limitations overcome the rejections indicated in the office action mailed on 12/14/2007.

Claims 31-43, 46-52 and 54-55 variously depending from claims 30 and 53 are allowable for the same above reasons.

Conclusion

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
